

CICILIA POSTMA

Born in the Netherlands (1978) in a small village nearby Amsterdam.

Received my degree at the Nimeto in Utrecht for Master painting. Afterwards I continued to develop my painting skills. Drawn to surrealistic art and magic realism.

Nature, animals, (spiritual) symbolism are inspirations or themes that I use for my art. I work with acrylic paint on canvas. Sometimes adding gold or silver leaf in a few of my artworks.

Still learning new things every day!
