

# Jaapkore

I am Jorge Esquivelzeta from Mexico and Me and My wife Harriet Payer Anderss from Germany moved recently to Germany after many years living in Mexico City.

In the year 2007 We created in Mexico the Jaapkore Multimedia Ensemble together, a sort of platform to create art in 4 disciplines, including image creation (photomontage, collage, painting and a very unique collection of sound created images) sound-music, video and poetry, including urban poetry and poetry in motion. We use silver-printing from Mexico to print some of Our works.
