

Katrin Saag (b. 1974) graduated from the Estonian Academy of Arts majoring in liberal arts.

Katrin Saag is member of the Estonian Artists Union, her works has been exhibited in Estonia, Latvia, Finland, Russia, Italy, Germany, Denmark, Holland, Switzerland, Ireland, Brazil.

The greatest source of inspiration for artist is nature and the relationship with nature. In recent years, she has also lived and worked in Brazil for a few months of the year, and her nature-inspired paintings are influenced by tropical beauty.

Katrin Saag's sensitive use of color and bringing out the power and effect of colors have resulted in richly colored pictures, from which every beam of light falling from a new angle conjures up a new world. In harmony with the viewer's inner pattern, her works create new images for each of them, the viewer's own.
